Club Chartering

Camp Kasem: Kasem is a national organization that provides a summer camp to kids whose parents have been impacted by cancer. It serves kids of all ages up to age 17, and all these kids have a parent or guardian that died or have been affected by some sort of cancer and so they often have to grow up really quick and get to have one week camp funded by donations to be a kid and have fun. Whitworth would be a chapter student run and led and so students would plan everything from fundraising to activities.

Christian: would they host a camp on campus?

Kyle: part of running a camp is that it must be at a merited camp accredited campsite so we would partner with a campsite and there is where it would be held.

Emma: on the grade policy there was no minimum GPA, and later it said that they can be suspended by grades, how will they know?

Katie: Jason has a way that he can keep track of our grades and so I'm sure there is a way he can check that, but you do bring up a good point

Jason: student handbook says you need a 2.0 to be a part of student organizations.

Christian moves, Michael seconds

Jason: friendly amendment article 7 is labeled as election but not really its more "selection of members", and change expelled to remove.

Pre-Occupational Therapy: Create community among students interested in OT and we wanted to create a community that can provide outreach opportunities, teach more people about Pre-Occupational therapy.

Jason: it says they are affiliated with the Health department; can you elaborate?

Tiana: we were going to work with the new occupational therapy program to coordinate events and the director was going to work with us

President Updates

Parker: Board of trustees is next week so be sure to attend the meeting you got in the email. This week we are approved to have 100 people at outdoor events, and all indoor activities are capped at 50. Next week we will have a vaccination clinic so please promote that. They are asking for help with traffic control so keep an eye out for that.

Adaeze: for volunteering, is it just ASWU or if someone else wants to help, can they?

Jason: It is just student leaders.

FVP Updates

Capital: \$15,280

Unallocated: \$ 16,484

Coordinator Spotlight

Lauren: Started off the school year with a video that asked athletes to finish the statement "I play because", and the biggest event was pirate mania, and Parker helped make some hype videos and make it as much as Monday mania as last year. This year we did add more sports other than basketball so that was great. Recently did the second chance bracket tournament and the winners will be announced soon. For the rest of the school year, I am hoping to do a field

day, but I am still figuring out some events, but mostly increase school spirit and looking forward to next year. Lots of behind the scenes
